Camping - South Truck, North Truck and P3 (above Indoor) will be used for this event. Please indicate your preference for camping, under questions.

- Camping facilities: These are available on the grounds. All sites are powered. There are good shower and toilet facilities with hot and cold water for males and females in both north and south camping areas. Sites nearest the stables will be allocated firstly to competitors staying for the longer periods. All camping vehicles must have an approved lead connecting to power outlets. Please note SIEC charges for every power lead connected to power so if you have more than one lead connected to a power outlet you will need to pay for 2 camp sites and camp in the North Camping area due to lack of power outlets in the South Camp Area. Please indicate the number of outlets you require on the camping booking. Large semi trailers will be located in the P3 or North Camp area.
- Cabin Accommodation on grounds: Small cabins are available for hire. Rooms contain 2 bunk beds with mattress, small hanging cupboard, 2 chairs, wall heater, power point and lights - linen is not provided. Rooms must be left clean and tidy and no cooking in rooms. Cabins are popular so we suggest you book with your entry or you could miss out. Preference for cabins is given to long distance travellers, competitors staying for longer periods, competitors with more than one horse and for stallions.
- A "Riders Retreat" with cooking, BBQ, TV, Video facilities is available for competitors to use during event.
