

Performance verification

Entries close on 3 September which coincides with the change over to the new EA IT system. This may impact on our ability to verify results in a timely manner.

It is important that riders/owners send in their results (as per the conditions of entry) on the online JotForm created for this event (see link below).

You can access your horse's results by your MyEA account on the website (apparently the App does not work as well as checking results through a web browser).

<https://www.equestrian.org.au/MyEA>

If you can, take a screenshot of the results and upload it after you have completed the form and before you submit the form. You can also attach links or screenshots of results from the various scoring providers and upload those as well.

You can complete this form in stages by using the Save and Continue feature before you submit.

You can complete the result form at any time up until the 8 September 2025
